

# Parker Electric over Hydraulic Plow Angle Actuator

- Designed by Parker specifically for our Plow Systems
- 2000# Holding Force - Will not creep when plowing heavy snow
- Tested to perform 20,000 Life Cycles
- Operates at temperatures as low as minus 30 degrees F
- IP65 and IP67 Marine Ratings
- Greasable Bearing for Extra Durability
- Trombetta A61 Reverse Contactor - Highest quality - Tested to perform 10,000 Electrical Life Cycles
- Mechanical Products 50 AMP Waterproof Manual Circuit Breaker
- 6 Gauge Power and Ground Cables
- Polaris UTV's also require:
  - Ranger: Power Controller - Polaris PN: 2879227 (not included)
  - General / RZR: Rocker Switch - OPM PN: OPM6994 (not included)

Polaris Part # = OPM2001P

Can Am / Honda / Kawasaki Part # = OPM2001
